Bring an Original Musical to Your Church This Easter

Lights Up Productions has been creating original musical theatre from a Christian worldview for nearly 30 years, including sold-out Christmas and Easter productions at the Historic Orpheum Theatre in Sioux Falls, South Dakota. This epic musical is an enchanting journey back to the first century when Jesus walked the earth and unlike anything you've seen before. It is a poignant and relatable work of art while still making clear the message of Christ and His Kingdom here on Earth. The original, soul-stirring ballads and musical orchestrations will speak to your life and keep you riveted to the story in the most unique way, while remaining true to what the Bible actually says and teaches. Yes, He is far more than a superstar. He is the risen, living God, and the giver of life to the fullest (John 10:10).

This stunning 2 hour and seven minute show features a cast of over 120 performers, filmed with multiple cameras in front of a live audience. Now your church can share that experience with your congregation.

Whether your members can't make it to the theater, you're looking for something powerful for Good Friday or Easter weekend, or you want a high-quality outreach event your people can invite their neighbors to, a church screening makes it simple. A screening license grants your church authorized permission to stream the production for your group for 90 days. Use it for a Good Friday service, an Easter outreach night, a youth group event, a small group series, a community movie night, or all of the above. No downloads, no DVDs. All you need is a screen, speakers, and a reliable internet connection (streaming only, so a strong and stable connection is required for playback). Promotional materials are included with your license to help you spread the word to your congregation.
